## WHAT'S IT ALL ABOUT?

Over the past nine months the All Paul Together community have organized various fundraising events to help raise vital funds to support our friend Paul Smith, who was sadly diagnosed with the terminal illness, Motor Neuron Disease (MND) in April 2021. This life changing news not only comes with huge emotional baggage but has also resulted in a significant increase in the cost of living for Paul and his young family, as well as longer term accommodation, travel and medical costs that Paul is now faced with.

## HELPING PAUL, HELPING OTHERS.

Since his diagnosis, Paul has been determined to take control of his own destiny and has spent many hours researching possible avenues to help improve his quality of life for as long as possible. As part of this work, Paul has vowed to help others in a similar situation to himself by; firstly contributing 25% of all money raised to the Irish Motor Neuron Disease Association ([www.imnda.ie](http://www.imnda.ie)) and secondly creating a charity that can undertake much needed research related to the role of lifestyle and therapeutic approaches to support individuals with MND. This is a long-term project for Paul and something he is determined to succeed with despite the challenges that lay ahead.
